MEMBERS PRESENT:

As per the Attendance-Sheet:

Dr. Seema Hallikerimath, Co-ordinator, IQAC welcomed the members. She briefed the activities conducted by the IQAC for the period 10th April 2019 to till date and also the compliance actions initiated, based on the resolutions adopted in the previous IQAC meeting held on 10th April 2019.

Hon. Vice-Chancellor briefed the members with the following information:

- The IQAC has been active and based on the approval accorded by various authorities of the University, has been implementing a number of quality initiatives leading to academic and research excellence with much focus on submission of applications to various rankings / accrediting agencies like NIRF, NABH, NBA, Swachha Campus Ranking, Times Higher Education Impact Ranking and World Rankings etc. for ranking of the University at national / international level.
- The University has been adopting various initiatives to ensure quality of teaching-learning & evaluation, administrative aspects and other areas, keeping in view the guidelines / norms laid down by the UGC / MHRD and the respective Regulating Councils.
- The Heads of the Institutions and the Departments should get familiarized with the innovative and best practices that are being adopted in other reputed universities / institutions who are ranked within 50 at national level so that we can adopt similar ones and project better on the parameters to be considered during the accreditation process.
- The draft of the new National Education Policy has been circulated for suggestions and comments by experts and National Medical Council has been approved by the Lok Sabha. The new policy emphasizes on

interdisciplinary courses / education. The guidelines issued in this regard are to be strictly implemented by all the constituent units.

- With the introduction of new curriculum for MBBS course by MCI, the faculty members are required to get acquainted / appraised with the same so that it can be implemented from the academic year 2019-20. J N Medical College being a National Nodal Center for training the medical faculty in medical education, the institution is also training the faculty with regard to Competency Based Medical Education by conducting intensive training programs / workshops.
- The Principals of the constituent units shall identify the advanced-learners and slow-learners. The performance of the students with regard to attendance, internal assessment marks, etc. has been available on-line and the teachers / mentors and the parents / students can directly access the same. The concerned Heads of the Departments shall immediately report to the parents with regard to poor-performance in the examinations, non-fulfillment of the prescribed attendance, in disciplined behavior, etc. of the students. The concerned Principals shall initiate appropriate actions in this regard under intimation to the concerned parents.
- The student-mentor interaction is very important in resolving various issues / problems of the students. The students need to be counseled for the same and the parents are to be informed and involved. Identify a group of 25 senior students who will co-ordinate with the students in resolving various issues / problems so as to develop confidence in them for improving their performance. The rapport between the staff and students by frequently should be developed by contacting the students.
- The Ministry of Human Resource Development (MHRD) has established MHRD Innovation Cell (MIC) to systematically foster the culture of Innovation amongst all Higher Education Institutions (HEIs). The primary mandate of MIC is to encourage, inspire and nurture young students by supporting them to work with new ideas and transform them into prototypes. - There is a need for strengthening the teaching-learning, research and clinical services in all the constituent units to keep up the changing scenario, all the concerned should review the present activities and plan for the future.
- Dr. Ramesh Paranjape, Former Director, National AIDS Research Institute (NARI) has been appointed as Research Advisor w.e.f. November 2019 mainly to help and guide the faculty / staff and students with regard to research activities.
- A team of assessors is visiting KLE College of Pharmacy, Belagavi on 8th November 2019 for NBA accreditation.
- There are a lot of opportunities for research and patents in all the three Pharmacy Colleges. They need to undertake Basic Science Research projects that can augment patents and publications. Overall their research outcome is inadequate, they have to make and submit a strategic plan to boost the research output in their colleges.
- The patents and commercialization of the same done at KLE VK IDS is appreciated. Also appreciations to Ayurveda Mahavidyalaya for their collaboration with Technology Institute that has won award at India Innovation Contest. Others should also take a cue from them and generate patents out of their quality research outcomes.
- The KLE College of Pharmacy, Hubballi has been accredited by NBA for B,Pharm program for three years from 2019 onwards. The committee congratulated the Principals and all the faculty and students for this achievement.
- The work of Incubation Centre of J.N.Medical College, Belagavi has to be described in terms of short, mid and long term along-with intended outcome.
- The University based on the directions of the Medical Council of India has implemented Competency Based Medical Education / Curriculum (CBME) for MBBS students from the academic year 2019-20. This is a major shift from the traditional discipline based curriculum and lot of faculty development is required for its successful implementation. Principal JNMC should ensure its effective implementation.

- a) While presenting the best practices / quality initiatives the emphasis has to be on teaching-learning processes, student assessment, innovative curricular changes, research, enhancing student learning experiences, any specific or distinctive achievement by the faculty or department at national / international level and not just merely reporting all the activities during the ensuing period. It has to be focused and purposeful, which will add to repute a faculty, department, college and University. The presentations however lack this critical element. All the Principals / IQAC Co-ordinators to please note that they present about what is mentioned in the agenda. Further repetitions of the events must be avoided in their presentations. All are requested to take a note of the above.
- b) One of the members suggested that it is important to have morbidity meetings along-with mortality meetings and Patient Satisfaction survey that will enhance Post-Graduate teaching and patient-care. Patients who are getting discharged against medical advice should also be analyzed.
- c) The Principals shall discuss with the concerned Heads of the Departments and Post-Graduates and also in the form of CPC if it is inter-departmental case presentation.
- d) One of the external members suggested appointment of General Physician in each of the Super-specialty Department to have better co-ordination between the patient and the doctor however its feasibility has to be looked into it.
- e) In view of the growing trend for blended learning and use of ICT in Teaching-Learning process. The University has installed the lecture capture system in each class room. These recorded lectures should be edited, validated and uploaded on the University portal, some of them may be sent to the Swayam platform for uploading, so that we can be listed as contributors to the Swayam portal.
- f) The effort like 'Tobacco Cessation Program' need to be collaborated with NGOs who are working at larger scale so as to benefit the community and give more visibility.

Item No.4 : Reporting of analysis of student's feedback on curricula.

Dr. M.S.Ganachari, Deputy Registrar made presentation with regard to analysis of student's feedback on curricula.

Resolution:

The committee appreciated the initiative of University for adopting and implementing the online mechanism of feedback on curriculum, department, infrastructure etc. from the students and linking the same with examination process to ensure 100% feedback from all the students and also to ease the process of analyses of the feedback. However, based on the analyses report presented, the committee suggested to consider counseling of the students before examination to ensure that the appropriate answers are ticked in the feedback forms. They also suggested to relook into some of the questions and reframe using small group discussion if required and review them periodically to make it more rational and feasible.

Item No.5 : Discussion on progress of Green Audit and Access Audit of the campus by external agencies.

Dr. Seema Hallikerimath, Co-ordinator informed that external agency IGBC has been identified for Green Audit and Access Audit of the campus and the same will be considered.

Resolution:

Resolved to contact and negotiate with the external agency for Green and Access audit and ensure the completion of the task in the stipulated time.

The meeting concluded with a vote of thanks to the Chair.

**PROCEEDINGS OF THE 52nd MEETING OF THE INTERNAL QUALITY ASSURANCE CELL
(IQAC) HELD IN THE ACADEMIC COUNCIL HALL OF THE KAHER ON 26th JUNE 2020**

MEMBERS PRESENT:

As per the Attendance-Sheet:

Dr. Seema Hallikerimath, Co-ordinator, IQAC welcomed the members and made presentation of the details of the activities conducted by the IQAC from 17th January 2020 to till date and also the compliance actions initiated, based on the resolutions of the previous meeting and also the rankings awards to KAHER and its constituent units by various accrediting agencies in the recent past.

Hon. Vice-Chancellor briefed the members with the following information:

- It is for the first time that the IQAC meeting is convened On-line in view of the COVID-19 situation and lockdown imposed by the Government of India / Government of Karnataka.
- The Ayurveda Book on 'Yoga and Wellness' authored by Dr. Sanjeev S. Tonni and published by KLE Shri B.M.Kankanawadi Ayurveda Mahavidyalaya, Belagavi was released by Hon. Vice-Chancellor with 1000 copies of publications.
- The COVID-19 pandemic has resulted in schools shut all across the world. Statistics suggests that globally, over 1.2 billion children are out of the classroom. As a result, education has changed dramatically, with the distinctive rise of e-learning, whereby teaching is undertaken remotely and on digital platforms. As per the directions of the UGC / MHRD, the faculty members of the University and its constituent colleges are engaging the classes On-line. A total of 546 seminars, 41 Journal clubs, regular classes:3786, and 48 internal assessments, 25 alumni talk series conducted on synchronous and asynchronous online platforms demonstrates our faculty's preparedness and foresight in delivering duties even in these unforeseen circumstances.

- This has fast forwarded the use of technology in Teaching-Learning process, which now has to be strengthened and practiced even after the Covid pandemic.
- There is further need to explore newer methods if any for development of e-content apart from the ones being followed.
- However, the constituent colleges have to develop modules for practical component / assessment. We also need to ascertain the outcome of the on-line teaching by taking regular feed-back from the students. The On-line teaching activities are to be continued till further orders.
- The situation has also enabled us to focus and enhance the quality of teaching-learning process by blended learning and online teaching methodologies.
- The NIRF ranking for 2019-20 has been announced. There is a need to analyze / ascertain the rankings stated. Since it is a competitive area, we need to find the grey areas to take appropriate measures for better rankings in future.
- University has been scoring less in 'parameter peer perception'. Hence perceptible change has to be brought in.
- University has recently enhanced stipend for PhD students. In view of this more enrollments for Ph.D. by the faculty members mainly full-time has to be looked in to.
- More impetus needs to be given for industry placement. A Committee needs to be constituted comprising of Dr.M.S.Ganachari, Dr. Ramesh Dang and Dr. S.S.Jalalpure to facilitate industry placement.
- We need to identify best practices – one at University and one college level so that we can have at least 18 best practices out of which we can shortlist two of them to be included in the SSR.
- The website should be dynamic and the same should be updated regularly (daily or weekly) by the University and its constituent colleges. In view of the students coming to campus / institutions from various corners across the country, the respective Principals need to exercise

- Confirmed.

Item No. 2: Action taken on various decisions of the 51st meeting of the IQAC held on 16th January 2020.
- Noted and taken on records.

Item No. 3: Innovative practices developed in connotation to technology and quality related matters during Pandemic in the constituent colleges (maintenance of records / archiving the records and faculty and student feed-back on the same.

Dr. Alka Kale, Principal, KLE VK IDS made presentation on behalf of all the Principal's with regard to the on-line teaching activities conducted and the best practices adopted by the faculty members of the constituent units during the lockdown period.

While taking note of the same, Hon. Vice-Chancellor suggested the following:

- The faculty members need to develop video-recordings of the on-line lectures in such a way that they are editable and useful learning resource at a later stage for the students to revise and learn. These recordings will be archived as e-learning resources. Regular online assessments are conducted and periodically assignments given to students to check on their learning.
- We should give group activities / assignments, to make the on-line teaching and learning more meaningful. We should try to maximize the engagement / involvement of the students in on-line teaching and learning.

- It is a matter of great pride that the KLE University has been accredited with 'A' Grade by NAAC in the 2nd Cycle with CGPA of 3.34 for a period of 5 years w.e.f. 19th January 2016 till 2021.

Resolved to place on record the excellent contribution made by the officials of IQAC, MD & CE, KLE Dr. PK Hospital & MRC, Medical Superintendent, KLE Dr. PK Charitable Hospital, all the faculty and staff members of the University and its constituent units.

- Hon. Vice-Chancellor also highlighted the marks in-criteria – III – 3.44 credit the entire team of criteria – III. Research Unit, BSRC and Research work being carried out by all constituent units. The highest number of publications, patents, extension activities and community oriented camps could be quantified and helped in increasing the output.
- It is also matter of pride as our University is the only University to have been credited four out of four for criteria –VII innovations.
- The faculty and staff members try to improve upon the areas wherein the grade points are less with much emphasis on curricular aspects.
- Curricular aspects needs more attention. So, we need to plan and implement newer methods like CBCS, semester system, inter-disciplinary courses and well focused certificate courses. We also need to amalgamate some courses.
- New academic programs including Fellowship Programs and Certificate Courses, Value addition programs, In-service Programs, etc. are to be started wherein there is good scope.
