Dear Sir/Madam,

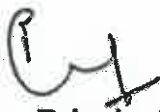

I confirm that, Dr. Sujeet Kumar from KLE College of Pharmacy, Bengaluru (A constituent unit of KLE Academy of Higher Education & Research, Belagavi) has worked as Post-doctoral researcher in department of biomaterials Science at Pusan National University from 01-10-2018 to 20-01-2020. During the period of his assignment, he has been working on the synthesis of hyaluronic acid (HA) derivatives for local radiotherapy and thermo-responsive hydrogels for on-demand drug delivery.

Although he had not many experiences in polymer-based drug delivery system before joining my lab, he designed and carried out the synthesis of HA derivatives, which can offer effective conjugation of radioisotopes (ex. ^{131}I) and improved safety. No doubt, he is a quick-learner. He has also greatly contributed to a paper, which will be published in *Pharmaceutics* (top 10% journal in pharmacy).

I appreciate his contribution in the lab and wish all the best for his future.

Sincerely yours,

Seung Yun Yang

Dear Dr Baliga,

This has reference to your application LFT155 for an IASc-INSA-NASI Summer Research Fellowship in 2017. We are happy to offer you a Fellowship to work for two months during this summer subject to verification of your marks as stated by you in the application. You will be working with Dr Gopal Chakrabarti, University of Calcutta, Kolkata (e-mail: gcbcg@caluniv.ac.in).

We have tried as far as practicable to assign you to a guide who works in your area of interest. Where that has not been possible, you will work with the assigned guide in a related area that will be determined by the guide, and trust that the experience will be fruitful to you. We will not be able to make any changes in this regard.

This Fellowship is subject to the following norms:

- The duration of the Fellowship is eight weeks (56 days – including Sundays and General Holidays), and is not to be reduced. If you do not complete this requirement, you will not be paid the fellowship and the certificate that is usually issued on completion.
- You will be provided III-tier A/c train fare from Bengaluru to Univ. of Calcutta, Kolkata and back.
- You will be paid a Fellowship of Rs. 15000/- per month towards your boarding, lodging and local transport expenses.
- As regards accommodation, please contact Dr Chakrabarti as the Academy is not able to help you in this regard.

Please also go through carefully & comply with all the Instructions given in the attached sheet.

You are advised to get in touch with Dr Chakrabarti immediately to work out the exact period of your visit. In the meantime please communicate with Mr C.S. Ravi Kumar, Coordinator, Summer Research Fellowship Programme, your acceptance of this Fellowship. We would need a joining report from you upon your arrival, and a brief report of your work at the end of four weeks so that your Fellowship for the first month can be paid. After the receipt of the final report, we shall release the remaining amount due to you along with your travel fare.

We urge you to convey your acceptance of this fellowship within 7 days by both online (the userid and password given at the bottom of the email) as well as by returning the Form of Acceptance posted to you. Even if you are not able to accept the fellowship, this should be communicated to the Academy immediately (both by email and in the Form of Acceptance) so that the fellowship can be awarded to another candidate in the waiting list.

With best wishes,

Yours sincerely,
