The feedback on curriculum (2023-24) by Alumni were taken and analyzed.

- Alumni generally appreciated the comprehensive and well-structured coursework, emphasizing its relevance to industry standards and its impact on their professional success.
- Many alumni highlighted how the curriculum effectively combines theoretical knowledge with practical applications, enhancing their skills and career readiness.
- Alumni praised the faculty for their expertise, support and dedication to student success.
- The institution's alumni network and career services were commended for offering valuable connections and career opportunities.
- While feedback was mostly positive, alumni emphasized the need for ongoing curriculum enhancements to keep up with industry advancements.

Few suggestions were given by the Alumni for better curriculum such as:

- Some alumni recommended updates to the curriculum to incorporate emerging trends and technologies, ensuring continued relevance.
- There were calls for increased hands-on projects and real-world case studies to better prepare students for workplace challenges.

The above analysis was found satisfactory and will be discussed in forthcoming BOS Meeting.
